VIP VALET • FUNERAL & MEMORIAL SERVICES

Calm, orderly departures after every service

We take care of the cars so the family can take care of each other. No crowd outside, no blocked street, no one waiting in the cold.

Cars lined up during the service

While the service is going on, we line up every car in order, family first. When it ends, everyone leaves within minutes.

Ready for the procession

Family cars right behind the hearse, in the right order, ready to go.

Classic black uniforms

A quiet, respectful team in classic black. Umbrellas in the rain, and we walk older guests to their car.

Short notice is fine

Services are often the next day. Call us in the evening and we will be there in the morning.

Winter is coming

Guests wait inside, warm, while we bring the cars to the door.

Leaving early?

A guest scans the QR on their ticket and we bring the car quietly, without interrupting the service.
